I only have few of my objectives right now which are to work for your company, to gain more experience than I have right now and to learn more in this specific field.

EXPERIENCE

15/MAY/2015 – 20/DECEMBER/2017

WEB DEVELOPING, FREELANCE

I have started my development from freelance work, working on different project and language teach me a lot of thing, make we curios to learn more. I have meet different people with different idea and way of work, which make my experience.

15/MAY/2017 – 20/DECEMBER/2017

INTERN, CONNET INTERNATIONAL

I learn lots of new thing which I love about in any job and the result was that I also had an experienced that how to work under the team which was a really great experience.

27/SEPTEMBER/2018 – 2/NOVEMBER/2019

MEAN DEVELOPER, EFROTECH SERVICES

It was a really great experience for me because this was the first time when I was been called by a software house for a job but the reason I left the job was the there was nothing to learn as I mentioned in the beginning that I love learning during job.

18/DECEMBER/2019 – PRESENT

MEAN DEVELOPER, ALGORACK

The best working experience, I have ever examined because of the environment. I am glad to working with them, highly skilled persons. The best thing is that, my skills are improved with their guidance, very helpful to me. This sounds great to me that, I am still working with them, but now I have to move on for my betterment.

EDUCATION

2003-2015

HYDRI PUBLIC SCHOOL, SCHOOL

I achieved 65% in my matriculation examination and I was inspired by my cousin since then I wanted to be a programmer.

2015-2017

ISLAMIA SCIENCE GOVT. COLLEGE, HIGH SCHOOL

I got 55% in my college and since then I started programming on C and Java

2017- IN PROGRESS

MUHAMMAD ALI JINNAH UNIVERSITY, UNIVERSITY

Currently my CGPA is 3.6 and I made lots of project including Programming Application, Website Development and Android Application and few Games as well.

SKILLS

- Java Script
- Java
- React JS
- Full Stack MEAN
- Algorithms
- Python
- Angular JS
- Stencil JS
- Data Structures
- UI and UX designing

ACTIVITIES

My passion is to be the best programmer that everyone recognize and remember me not by my name but by my work and dedication I once worked by being a group leader and won the best employee of the month for more than 2 month and got a promotion in less than 3 month.
